Linguistic and proofing tools by NEUROLINGO now in Lambrakis Press

Mon, 28/09/2009 - 10:51 — webmaster

Lambrakis Press Group, the largest publishing and media house in Greece, has chosen linguistic and proofing tools developed by Neurolingo to be integrated in its new content management system “NEWS ASSET” (by ATC).

Lambrakis Press Group has a wide range of business activities ranging from the long-established sectors of publishing daily and weekend newspapers (Το Βήμα, Τα Νέα etc.) and general and special interest magazines (Marie-Claire, Cosmopolitan, etc.) to industrial printing and tourist services. Lambrakis Press Group has also expanded its business scope through participations in free-to-air television, TV productions, press distribution, book publishing and bookstore chains while developing and operating the largest Greek-language internet portal (www.in.gr [1]) and an e-commerce operation (www.shop.21.gr [2]).

NEUROLINGO offers to Lambrakis Press Group a complete system for spelling correction and proofing of Modern Greek documents which includes:

- Proofing Tools (I) for OpenOffice 2.0 & 3.0 (MS Windows, Linux, Mac OS X) and proofing tools (II) for MS Office 2003 & 2007 (MS Windows):
    - Modern Greek and English spell checker,
    - Modern Greek Thesaurus of synonyms and antonyms,
    - Modern Greek Hyphenator.
- Modern Greek Lemmatizer for MS Index Services (used by SQL Server 2005 & 2008)
- Modern Greek spell checker and thesaurus of synonyms and antonyms via web services for applications running on the Intranet of the Lambrakis Press Group.
