Frequently Asked Questions

Thu, 03/05/2018 - 21:15 — webmaster **The installation of Proofing Tools for MS OFFICE 2008 completes without errors. But when i try to open the "Registration.app" application (from CD), nothing happens and i can not activate your product.**

You can install a newer version of the proofing tools.

For more information you can read the article Proofing Tools for MS Office 2008 Update [1].

After the installation of your Proofing Tools for MS OFFICE 2008, Word will crash on spelling check.

You can install a newer version of the proofing tools.

For more information you can read the article Proofing Tools for MS Office 2008 Update [1].

The Proofing Tools for MS OFFICE 2008 are not working in Entourage and Excel.

Unfortunately, a bug in Microsoft Office 2008 deny the cooperation of our proofing tools with some applications of the Office Suite. We have contacted with Microsoft but, until now, no solution has given to this problem. We hope that Microsoft will fix this bug, through an update for office 2008, in the near future.
