Neurolingo offers the Hyphenator [1] and the Thesaurus [2] as Research Services for MS Office. To learn more, you must first pass from Member Entrance [3].

About MS Office Research Services

The applications of Microsoft Office 2003 (Word, Excel, PowerPoint, Outlook, Publisher and OneNote) offer to their user the ability to search online various information sources through Research Services [4]. The following picture is a snapshot of MS Word 2003. The searching and the results browsing are performed in the **Research** task pane, in the red frame on the right:
